

FACILITIES MANAGEMENT, 1928-

Since opening the present day Westchester campus in 1929, the University has maintained construction and operations records of the physical plant. In 1956 the division was formally recognized as Buildings and Grounds Department and became Facilities Management in 1988. Today this record group includes correspondence, contracts and reports of the Vice-President, the Director of Public Safety and the Director of Facilities Planning and Operations among other officials.
